Thursday

Dear Booty;

Margaret called last night and said she had just talked to you. I was glad to hear that everyone is well. I was going to send you a clipping about Betty but you wouldn't have gotten it till next week. It looks like I just can't get a letter off early in the week anymore. Also Mr. Wagoner died which was a surprise to me. I think he had some trouble with his heart before but I hadn't heard it. We always thought of the Wagoners as being made of iron. They stopped at nothing. She was as tough as he but I think she has slowed down some. I went to the funeral home Monday about six thirty. It was raining and getting dark so I didn't stay to speak to the family. Garland was gone and I don't like to stay out after dark when he is out of town. I didn't go to the funeral either. Myrtle Traxler said there was a large crowd. I'm going to

Dear Molly,
Margaret called last night and said she had just talked to you. I was glad to hear that everyone is well. I was going to send you a clipping about Betty now but you wouldn't have gotten it till next week. It looks like I just can't get a letter off early in the week anymore. Also Mr. Wagoner died which was a surprise to me. I think he had some trouble with his heart before but I hadn't heard it. We always thought of the Wagoners as being made of iron. They stopped at nothing. She was as tough as he but I think she has slowed down some. I went to the funeral home Monday about six thirty. It was raining and getting dark so I didn't stay to speak to the family. Garland was gone and I don't like to stay out after dark when he is out of town. I didn't go to the funeral either. Myrtle Troxler said there was a large crowd. I'm going to see Miss Hesse some day when it is not raining. Myrtle and Ben have

-2-

tom down the old Hay House at Friedens
and are building there a new House up
there. They are seeing their place over
near the old trailer House on the Greensboro
road. Myrtle said she had mixed emotions
about it. They have lived thirty some years
in the House they built. The old Hay House
wasnt worth regaining but they will have
more land out there and Ben had to go
back and forth to look after the tenants.
I went up to the O S C office yesterday to
sign my Tobacco lease. It was a beautiful
day but I didnt go into Greensboro.
Bulah and I are going one day soon,
to get shoes, but I didnt feel quite
up to it yesterday. The G G O is going
full blast this week and I hate fighting
all that traffic. A lot of the Movie
stars are there. They played yesterday but
are not in the tournament. It is really
now to start raining for the week end
and they may have to finish next week.
They almost drowned last year before they
finished.

Frank came Saturday morning and said
for me to come on down that afternoon

road. Myrtle said she had mixed emotions about it. They have lived thirty some years in the house they built. The old lay house wasn't worth repairing but they will have more land out there and Ben had to go back and forth to look after the tenants. I went up to the ASC office yesterday to sign my tobacco lease. It was a beautiful day but I didn't go into Greensboro. Paulah and I are going one day soon, to get shoes, but I didn't feel quite up to it yesterday. The GGO is going full blast this week and I hate fighting all that traffic. A lot of the movie stars are there. They played yesterday but are not in the tournament. It is really now to start raining for the week end and they may have to finish next week. They almost drowned last year before they finished.

Frank came Saturday morning and said for me to come on down that afternoon and we would go to dinner (supper). We did and met up with Eunice Coleman Galloway and her husband. We sat out in the mall and talked a long time.

They are younger than I am but we have always had so much fun together.

She said Frazier is staring herself to death to stay thin. She doesn't eat breakfast half the time till she gets real weak and almost faints. Then she drinks a glass of milk. She has will power. I have been out to eat twice this week and will probably go again before the week is over.

Garland came in from Cincinnati last night about six thirty. They called him at seven thirty to go back up there. He went alone and makes more money that way. The man was unavailable who usually has that trip and Garland was glad of it. He said this morning he is going to have to take off a week before the fifteenth of April to get his tax business in order. He has been gone so much he can't keep up with book-

keeping.

I went in Tobias yesterday and they had a pretty dark blue coat that I would have tried but it was banded in white and I knew that would be

She said Nazier is staring herself to death to stay slim. She doesn't eat breakfast half the time till she gets real weak and almost faints. Then she drinks a glass of milk. She has will power. I have been out to eat twice this week and will probably go again before the week is over.

The man was unavailable who usually has that trip and Garland was glad of it. He said this morning he is going to have to take off a week before the fifteenth of April to get his tax business in order. He has been gone so much he can't keep up with book-keeping.

I went in Tobias yesterday and they had a pretty dark blue coat that I would have tried but it was banded in white and I knew that would be filthy all the time. So I didn't even try it on. It had been reduced because nobody would buy it. Must have been left from last year. I'm going to try

Sellers and if I don't find one there
I'll give up. Probably won't go any
where to wear it any way.

Garland got the card and thought it
was real cute. He brought it in here to
show to me. Frank sent him one too.

I have been doing a little Spring
cleaning. Washed curtains and windows
in your room, the back bed room and
Hall and bath room upstairs. They
didn't get done last fall and were so
dirty. I don't think I got them as
white as they should be. any way they
are not dirty. Stiles have bed spreads
and mattress covers to get washed.

Garland has been doing sheets for me when
he does his things.

I'm anxious to hear about Peter's dog.
Has he learned any tricks yet?

I forgot to tell you that Mr. Trogdon
had cancer and had been sick some
time. I didn't know about it. I sent
Mary a card but didn't go. I just
can't keep up with everything any more.

I was about to forget - The book came
and I have almost finished it.

I forgot to tell you that Mr. Troglou had cancer and had been sick some time. I didn't know about it. I sent Mary a card but didn't go. I just can't keep up with everything anymore.

I was about to forget - The book came and I have almost finished it. It is real good. I looked at her so long, still ~~see~~ her sometimes, she seems almost like a member of the family. Thanks for sending it to me. Take care of everyone and write.

Love to all,
Mother
