Thursday

Dear Booty;

How do you like being at home these hot days? Maybe you are running around having fun. I'm doing nothing as usual. I did iron a couple of dresses that were mired out about two weeks ago. The Watergate is taking so much of my time but I am fascinated by it. Mr. John Dean has been in the witness chair all this week. They are really taking him apart. Just hope you have been able to see some of it on T.V.

I had supper Saturday night with Hogel and Frank at the K + W.

-2-

This week I have been to Huey's to eat twice. They were closed last week for vacation.

The Howertons, next door, have been gone two or three days. Someone called and wanted to rent the house. She heard they were going to move. Today Emily came home a few minutes and called me. She said Jimmy, her husband, was in John Unstead Hospital, with a nervous condition. She is still working and wanted to know if it would be O.K. for her to be a few days late paying the rent. I told her of course it would. They pay in advance. She said nothing about moving. She and the children are staying at her mother's. I guess she will move if he doesn't get well soon. Someone, I think it is his father, is mowing the yard now.

We are having thunder showers every day. When the sun comes out and it is hotter than ever. We have had a good breeze most of the time.

Mrs. Owen brought me some apples and I made a big bowl of applesauce. I think I'll make a pie when Garland gets home. They have really had him stretched out this week.

He went to Cincinnati yesterday and am looking for him tonight.

What is Lela planning for her birthday? guess she will have fun. I will be thinking about her.

Write when you can and tell me all the news.

May said Mrs. Mac wrote and said she would be here the middle of July and would divide her time between May and Eunice Wagoner.

Love to all
Mother
